

Biography Presentation Rubric

Name: _____

Criteria	30-20	19-10	9-0
Bio-Cube	- Cube is neatly presented, with highlights and summary of information necessary to make a complete and accurate presentation.	- Cube may be missing some information or may be hastily built. The cube may not be neatly constructed.	- Presenter either does not have their cube or is missing substantial portions of it.
Preparation	- Presenter seems thoroughly knowledgeable of subject matter and there is evidence that material was reviewed beforehand. The presenter has a clear plan.	- Presenter has to rely on written or prepared text occasionally.	- Presenter has had no preparation and relies completely on prepared text.
Presentation	- Presenter "owns" the information and includes important illustrative or entertaining anecdotes to fill in the frame of the presentation. The presentation is enjoyable.	- Presenter covers all the bases, but there's no real sense of ownership of the material. The only information presented are the facts on the cube.	- Presentation is awkward, and presenter shows little real knowledge of the subject.
